Title: contract

Author:  
-----

Baali's are a class of  
vampires born out of the  
Oblivion of Cania. I need  
the names of all Baali's,  
there locations in the  
realm.

In the Beginning Oblivion  
was and Olbivion was  
alone.

But in time Oblivion saw  
fit to creat the Kindred  
race to serve it's  
purpose in our realm.

The childer of Oblivions'  
will were the ancients,  
Baali, Noctulius, Plutos  
the Elf. Of the Ancients  
we know of Capadocious,  
and two others who's  
names have remained  
secret to this dar and  
are probably lost until  
the end of our world.

Baali started his family  
line, those who worship  
and summon the dreaded  
Daemons and Balrons in  
our realm.

Noctulius was the only  
Nagaraja to exist in our  
realm and his fate and  
the fate of his future  
line is not known to this  
day.

Plutos' blood became the  
Kiasyd to this day. And  
Capadocuis started his  
line of Necromancers  
called the capadocians,  
obsessed with the ways  
of death.

An ancient woman, a  
childe of Oblivions' will,  
sired three progeny. One  
was named Vyctr, one  
was named Lucas and one  
was named Brujah.  
Vyctr founded the

Ventrue clan.  
Lucus founded the Gangrel  
clan.  
And Lord Brujah started  
the clan bearing his name.

Of Vyktrs' childer there  
was Tara, Roland  
Deschain, Flavius Sruentus  
and Kolette.

Tara Sired sired Gailen  
of the Herald's of the  
Awakanning.  
Flavius Srventus sired  
Gabriel and Jadis.  
Lucus sired Vieten  
Demacles and his  
love Dis.Dis sired a childe  
of whom we know not  
the name.

Vieten Demacles sire  
Kryste, childe of the  
fang.

Kryste sired Merrick,  
Tiernan, Gorath, Boltar,  
Mono Lyth, Azin Rosewind  
and Diana.

Tiernan sired Gul'edhel  
Amarth and Myriam  
Vytalia.

Lord Brujah sired  
Affenkal, Atlantia and at  
least one other.

Affenkal sired Ultimato.

Atlantia sired at least  
two progeny of whom we  
know not the names.

And an unknown childe of  
Oblivions' will sired Lord  
Tremere, Lord Lasombra  
and Lord Toreador.

Lord Lasombras' childe  
sired Vincent Blakwell,  
Lord Toreador sired  
Belkinian who sired  
Morigan who sired Jordan.

Lord Tremere sired  
Pazuzu, Kyle Nitte and at  
least one other. Puzuzu  
sired one named Morigan  
who sired Gromph the  
drow, Rei Ayamani, and  
Navix Zergii. A the blood  
of a childe of Lord  
Tremere was used to add  
Keeshi to the Tremere  
clan.Baali sired Baphomet  
and Unforgiven.

Unforgiven sired Anna  
whom sired four of her  
own progeny before  
committing the unforgivable  
act.

Annas' childer are Kotare  
II, Crystal Ice and two  
others who remain  
unknown.

Crystal Ice sired Azuroth.  
Plutos the Elf sired  
Shardak Mardas who sired  
Alucard who sired  
Kith-Kan.

Capadocius sired Augustus  
Giovanni who sired Mara  
Giovannia who sired  
Dharzhal.

Jadis used her blood  
mixed with vile alchemy  
to sire Bella Donna, the  
first Assasamite of  
Britannia. Bella Donna  
sired Nightshade the child.

Dis sired an unknown  
person who under went  
the same alchemy that  
created Bella Donna thus  
joining the Assasamite  
clan as well.

Of the will of Oblivion  
there was also created  
the line of Vlad Dracul,  
of whom we have the  
bastards running in our  
land and his claimed  
childer of which we know  
of Zsuzanna Dracul.

It is also known that a  
line of Tremere live with  
the Infernal Cult of  
Necromancy but their  
identities have remained  
hidden.

Bastard lineages to that  
we call the Akashans also  
exist in our realm but  
these ones are usually so  
barbarie that they lay no  
claim or knowledge to  
their ancestry.

Sire? A dire warning... do  
not trust Anna for she  
still smells of human  
flesh.....
